### General Board Meeting

**Date:** November 28, 2018  
**Location:** United Medical Center  
1310 Southern Ave., SE,  
Conference Rooms 2-3  
Washington, D.C. 20032

---

### 2018 BOARD OF DIRECTORS

LaRuby Z. May, *Chair*  
Malika Fair, *Vice-Chair*  
Matthew Hamilton, *CEO*

Girume Ashenafi  
Jacqueline Bowens  
Konrad Dawson, MD  
Brenda Donald  
Millicent Gorham  
Angell Jacobs  
Eric Li, MD  
Sean Ponder  
Velma Speight  
Wayne Turnage  
Mina Yacoub, MD

## **OUR MISSION**

United Medical Center is dedicated to the health and well-being of individuals and communities entrusted to our lives.

## **OUR VISION**

UMC is an efficient, patient-focused provider of high-quality of healthcare the community needs.

UMC will employ innovative approaches that yield excellent experiences.

UMC will improve the lives of District residents by providing high value, integrated and patient-centered services.

UMC will empower healthcare professionals to live up to their potential to benefit our patients.

UMC will collaborate with others to provide high value, integrated and patient-centered services.

**NFPHC Board of Directors General Meeting  
Wednesday, November 28, 2018**

**THE NOT-FOR-PROFIT HOSPITAL CORPORATION  
BOARD OF DIRECTORS  
NOTICE OF PUBLIC MEETING**

**LARUBY Z. MAY, BOARD CHAIR**

The monthly Governing Board meeting of the Board of Directors of the Not-For-Profit Hospital Corporation, an independent instrumentality of the District of Columbia Government, will convene at **9:00 a.m. on Wednesday, November 28, 2018**. The meeting will be held at the United Medical Center, 1310 Southern Ave., SE, Washington, DC 20032 in the Conference Room. Notice of a location, time change, or intent to have a closed meeting will be published in the D.C. Register, posted in the Hospital, and/or posted on the Not-For-Profit Hospital Corporation's website ([www.united-medicalcenter.com](http://www.united-medicalcenter.com)).

**DRAFT AGENDA**

- I. CALL TO ORDER**
- II. DETERMINATION OF A QUORUM**
- III. APPROVAL OF AGENDA**
- IV. READING AND APPROVAL OF MINUTES**  
October 17, 2018
- V. CONSENT AGENDA**
  - A. Dr. Dennis Haghghat, Chief Medical Officer
  - C. Dr. Mina Yacoub, Medical Chief of Staff
- VII. EXECUTIVE MANAGEMENT REPORT**  
Chief Executive Officer, Matthew Hamilton
- VIII. COMMITTEE REPORTS**  
Finance Committee
- IX. PUBLIC COMMENT**
- X. OTHER BUSINESS**
  - A. Old Business
  - B. New Business
- XI. ANNOUNCEMENTS**

**NOTICE OF INTENT TO CLOSE.** The NFPHC Board hereby gives notice that it may close the meeting and move to executive session to discuss collective bargaining agreements, personnel, and discipline matters. D.C. Official Code §§2 -575(b)(2)(4A)(5),(9),(10),(11),(14).

Not-For-Profit Hospital Corporation  
 GENERAL BOARD MEETING  
 Wednesday, October 17, 2018

**Phoned in:** Chair LaRuby May, Dr. Malika Fair, Director Girume Ashenafi, Director Turnage, Director Angell Jacobs, Director Gorham, Dr. Dawson, Dr. Haghighat, Matthew Hamilton, Lilian Chukwuma, Dr. Mina Yacoub  
**Absent:** Sean Ponder, Director Bowens, Director Speight

| Agenda Item                    | Discussion  | Action Item |
|--------------------------------|---|-------------|
| <b>Call to Order</b>           | Meeting called to order at 9:30 AM. Quorum determined by Michael Austin.  |             |
|                                | Meeting chaired by LaRuby May.  |             |
| <b>Approval of the Agenda</b>  | Motion. Second. Agenda approved as written.   |             |
| <b>Approval of the Minutes</b> | Motion. Second. Minutes approved as written pending minor PSQ edits from Dr. Fair   |             |
| <b>Discussion</b>              | <p style="text-align: center;"><b><u>CONSENT AGENDA</u></b></p> <p style="text-align: center;"><b>CHIEF OF MEDICAL STAFF REPORT: Dr. Haghighat</b></p> <ul style="list-style-type: none"> <li>• The month of September saw positive trends compared to projected and prior year's September in terms of admission growth, and Medicare and Medicaid case mix index. Volumes in the behavioral health unit continued their positive trend that started in April of this year.</li> </ul> |             |

- If the current trend in OR procedures continues for the last quarter of calendar 2018 there will be a 5 percent growth compared to the volume for the past two calendar years. Despite significant difficulties with medical assistant staffing the primary care clinic has experienced volumes in August and September that are 15% above their rolling 12 month averages.
- UMC's clinical performance continues to be quite good with drops in severe sepsis mortality, a reduction in MRSA bloodstream infections and no C Difficile associated diarrhea in the past month.
- A hospital wide flow team which was started in August continues to meet on a biweekly basis with attendees representing ER physicians, hospitalists, and UMC nursing and administrative leadership.
- Exploring use for second mobile van with DBH to combat K2 epidemic.
- FLOW Team is working to improve flow to an increase in ER. A triage nurse is there to assist more.

**MEDICAL CHIEF OF STAFF REPORT: Dr. Yacoub**

- Medical Staff continues to work with GWMFA and administration to ensure optimal integration of ED and Hospitalist groups into UMC.
- Medical Staff is working with new Quality Department leadership to continue to improve on quality metrics. Sepsis data is favorable for the month of September.
- Medical Executive Committee (MEC) has approved recommendations for updates and modifications to the Medical Staff Bylaws which will be presented to Medical Staff for review and approval.
- Medical Executive Committee has approved a slate of candidates for the election of Medical Staff Officers for MEC term 2019-2020. Results of the elections are expected to be announced in December 2018.
- A total of 960 rounds were completed on 8 West and 5 West for the month of September by nursing leadership. Patient complaints were appropriately addressed and each departmental head was notified. Staff educated on how to

address patient complaints and other issues related to patient safety in staff meetings and during daily huddles. Use of cell phones has been piloted and initiated for 8 West. Awaiting cell phone delivery for 5 West.

- There is potential to hire experienced nurses from recent job fair at Providence Hospital. Applicants will be called for follow-up. Most of the applicants stated they will be available after December 14, 2018.
- Patients are followed for diabetes education and glucose control. Diabetes education includes survival skill education and coordination of discharge plan with case management and providers. A need has been identified to work with IT and Pharmacy to develop a discharge order set that matches the patient insurance with the approved diabetes medication and monitoring supplies for the plan. This will lessen the chance that post discharge patients are not able to receive the prescribed medications due to insurance issues.

### **EXECUTIVE REPORT**

#### **CONSTRUCTION/RENOVATION PROJECTS**

- Grounds and Landscaping – Address exterior entrance refurbish needs, update all lighting to LED, entrance and elevator cleaning, landscaping campus wide, power washing main entrances, identify projects for back entrances updates (UDC, Security Entrance). **Update:** Identified vendor for employee entrance, security entrance and UDC.
- Hospital-wide - Continuing to install new ceiling tiles; install/replace corner panel moldings, baseboards and add additional lighting to main hallways. Patching/painting/decluttering office and clinical spaces.
- Flooding Restoration Work – Leading efforts with key stakeholders: Facilities, EVS, Risk Management and Infection Control departments. CNA engaged with JS Held to provide a moisture assessment of impacted spaces and adjacent areas. JS Held provided a detailed scope of work and completed bid process. **Update:** 1<sup>st</sup> Floor completed, currently on 3<sup>rd</sup> floor.

- A total of 85 charts reviewed for pain reassessment for the month of September. Late pain assessment was noted on 4 charts and 3 had no pain score documentation. Staff coached. 71 charts were reviewed for care plan updates for September 2018.
- For the month of August, a total of 289 patients were seen by the Wound Care Team. Of the 289 patients, 18 patients had pressure ulcers and 109 non-pressure related wounds to include diabetic, vascular, dermal lesions, skin tears, abrasions, fungating wounds, lacerations, etc. One hundred sixty-two (162) patients had intact skin, six (6) patients were for follow-up.

**Human Resources**

- Maintain an HR Culture of Transparency, Integrity, Respect, and Exceptional Customer Service
  - Create a monthly newsletter to update staff on new hires, employee anniversary milestones, open enrollment, change of policies, and procedures, etc.
- Streamline the Hiring and Onboarding Process
  - Implement Full Life-Cycle Recruiting Metrics and Track Metrics
  - Structure onboarding day one to convey the excellent culture of UMC
  - Inclusion of executive suite members to briefly greet the new hires to enhance the new employee experience

**SPECIAL PROJECTS**

Hospital Clean/Declutter Campaign continues:

- Facilities/EVS/Biomed: removal of items that can be discarded or stored in designated areas; deep cleaning of all areas; maintenance to do a comprehensive PM of all areas for any deficiencies
- Removal of all documents/forms with patient identifiers (to be shredded)
- Security: fire/safety rounds of floors, test all cameras and access points, need to add additional keypads to back of HR records room; Finance; Executive suite; and Compliance area.

**COMMITTEE REPORTS**

**PATIENT SAFETY AND QUALITY: Dr. Fair**

- PSQ Committee met on 10/11/18
- Will now be working with Dr. Hammad as VP of Performance Improvement and Quality
- 1 live birth in the ED.
- Length of stay continues to be an issue and PSQ Committee will continue to monitor length of stay
- Executive Dashboard will be implemented and includes several aspects that the PSQ Committee has been asking for.

**FINANCE COMMITTEE: Director Turnage**

- Finance Committee met on 10/16/18
- Even with District subsidy (\$27M) in FY18, UMC still ended the year with a loss.
- Mr. Hamilton and Ms. Chukwuma have been working hard to close the gap for UMC.
- Initiatives to be realized include: document fee enhancement and accounts receivable; hospital based clinics charges; psych volume growth; supply chain management; managed care contacts; SNF wound care clinic; overtime costs; length of stay reduction; and others.

**Vote to return to Enter Closed Session:**

**General Board Meeting**  
**Date: November 28, 2018**

---

## **CMO REPORT**

*Presented by:*  
Dennis Haghigaht, MD  
Chief Medical Officer

*The Not-for-Profit Hospital Corporation, commonly known as United Medical Center or UMC, is a District of Columbia government hospital (not a private 501(c)(3) entity) serving Southeast DC and surrounding Maryland communities*

### ***Our Mission:***

United Medical Center is dedicated to the health and well-being of individuals and communities entrusted in our care.

### ***Our Vision:***

- UMC is an efficient, patient-focused, provider of high quality healthcare the community needs.
- UMC will employ innovative approaches that yield excellent experiences.
- UMC will improve the lives of District residents by providing high value, integrated and patient-centered services.
- UMC will empower healthcare professionals to live up to their potential to benefit our patients.
- UMC will collaborate with others to provide high value, integrated and patient-centered services.

***Dennis P. Haghighat, M.D.***  
November 2018

## **Medical Staff Summary**

### **Medical Staff Committee Meetings**

#### **Medical Executive Committee Meeting, Dr. Mina Yacoub, Chief of Staff**

The Medical Staff Executive Committee (MEC) provides oversight of care, treatment, and services provided by practitioners with privileges on the UMC medical staff. The committee provides for a uniform quality of patient care, treatment, and services, and reports to and is accountable to the Governing Board. The Medical Staff Executive Committee acts as liaison between the Governing Board and Medical Staff.

#### **Peer-Review Committee, Dr. Gilbert Daniel, Committee Chairman**

The purpose of peer review is to promote continuous improvement of the quality of care provided by the Medical Staff. The role of the Medical Staff is to provide evaluation of performance to ensure the effective and efficient assessments and education of the practitioner and to promote excellence in medical practices and procedures. The peer review function applies to all practitioners holding independent clinical privileges.

#### **Pharmacy and Therapeutics Committee, Dr. Eskender Beyene, Committee Chairman**

The Pharmacy and Therapeutics Committee discusses all policies, procedures, and forms regarding patient care, medication reconciliation, and formulary medications prior to submitting to the Medical Executive Committee for approval.

#### **Credentials Committee, Dr. Barry Smith, Committee Chairman**

The Credentials Committee is comprised of physicians who review all credential files to ensure all items such as applications, dues payment, etc. are appropriate. Once approved through Credentials Committee, files are submitted to the Medical Executive Committee and the Governing Board.

#### **Medical Education Committee, Dr. Jerome Byam, Committee Chairman**

The Medical Education Committee was formed to review all upcoming Grand Rounds presentations. The committee discusses improvements and new ideas for education of clinical staff.

#### **Bylaws Committee, Dr. David Reagin, Committee Chairman**

Members include physicians who meet to discuss implementation of new policies and procedures for bylaws, as it pertains to physician conduct.

The Medical Staff Bylaws, Rules and Regulations have been revised in preparation for the upcoming Joint Commission inspection. The changes were reviewed, discussed and approved by the Bylaws Committee and will be forwarded to the Medical Executive Committee and then the Board of Directors for review and approval.

#### **Physician IT Committee**

Members include physicians who meet to discuss the implementation of the new hospital-wide Meditech upgrade, as well as the physician documentation for ICD-10.

## DEPARTMENT CHAIRPERSONS

*Anesthesiology.....Dr. Amaechi Erondu*

*Critical Care .....Dr. Mina Yacoub*

*Emergency Medicine.....Dr. Francis O'Connell*

*Medicine .....Dr. Musa Momoh*

*Pathology.....Dr. Eric Li*

*Psychiatry .....Dr. Surendra Kandel*

*Radiology.....Dr. Raymond Tu*

*Surgery .....Dr. Gregory Morrow*

*Dennis P. Haghghat, M.D.*

The positive trends that began in September in inpatient volumes and inpatient surgery has continued through the month of October and thus far into November. Medicare and DC Medicaid Case Mix index continued their upward trend that started around the same time. BHU volume continues to trend at a rate 40% above calendar 2017 volumes.

Unlike the prior month the hospital has experienced several regulatory visits in October and this trend has persisted into the current month. Several of these visits were related to Behavioral Health Unit patients, one to an ER related incident, and one related to temperatures within the hospital. These incidents are in various states of investigation by DOH and UMC has yet to receive final recommendations from DOH for any of the visits. UMC has completed internal root cause analysis on all incidents and implemented changes to improve patient safety and care based on these internal investigations.

UMC's performance on national quality benchmarks continues largely unchanged with superior infection prevention scores, good mortality scores for the treatment of common diseases, slightly higher spending rates than benchmark for Medicare beneficiary, and the relatively poor patient satisfaction scores. The Patient Relations and Nursing Departments are working on implementing staff training with the goal of strengthening a culture of attentiveness to the patients spoken and unspoken needs.

*Amaechi Eroundu, M.D., Chairman*

**PERFORMANCE SUMMARY:**

The overall cases for the month of OCTOBER 2018 were 211. Total surgical cases were 96 while Endoscopy cases were 115.

**QUALITY INITIATIVES AND OUTCOME:**

SCIP protocol is consistently ensured for all our patients with no fall outs. Surgical and anesthesia time outs are followed per protocol including preoperative antibiotics, temperature monitoring and all relevant quality metrics.

Review of the facility anesthesia performance benchmarked with Age and co-morbidity compares well with other facilities.

We are awaiting the completion of the Anesthesia storage and work room. This provides storage for all anesthesia-related patient equipment.

We are hoping to secure an Anesthesia Information Management System (AIMS). This will centralize all documentations, quality metrics and facilitate efficient revenue cycle management.

**PERIOPERATIVE CONFERENCE:**

We would commence a PeriOperative conference that focus on OR related topics for all OR providers. This will include the Nurse, Extenders and physicians. Our goal is to ensure adequate team building for quality patient care.

**EVIDENCE-BASED PRACTICE:**

Anesthesia department is continuing to review all current policies and update them to align with the best practices. Our Providers continuously provide evidence based practice and peer review to ensure quality patient care

**SERVICE (HCAHPS) SATISFACTION**

The Anesthesia Providers continue to provide quality service to our patients. We continue to provide real-time performance assessment of the anesthesia providers. We provide standardized service that ensures patient satisfaction.

**BILLING AND REVENUE CYCLE MANAGEMENT** - We have ensured that our providers are oriented to the ICD 10 requirements for both the anesthesia and hospital billing portions. We monitor closely documents and chart by our providers to ensure chart completion at the appropriate time.

*Page Three*  
*Anesthesiology Department*  
*November Board Report*

**CRITICAL  
CARE  
MEDICINE**

*Mina Yacoub, M.D., Chairman*

**PERFORMANCE SUMMARY**

In October 2018, the Intensive Care Unit had 69 admissions, 69 discharges, and 273 Patient Days, with an Average Length of Stay (ALOS) of 3.96 days. The ICU managed 75 patients in October with 5 deaths, for an overall ICU mortality rate for October of 6.7%. The ICU managed 19 patients with severe sepsis and septic shock in October with 1 death attributed to severe sepsis/septic shock for a sepsis specific ICU mortality rate of 5.3 %.

**QUALITY OUTCOMES**

**Sepsis Core Measures Performance**

ICU continues to work with Quality Department to meet sepsis metrics. The past few months have shown ICU severe sepsis and septic shock mortality to be well below national averages.

**Morbidity and Mortality Reviews**

**ICU Mortality**

ICU had 5 deaths for 75 patients managed, with an overall ICU mortality rate of 6.7 % for October. Mortality review is conducted in monthly Critical Care Committee meeting with Quality Department.

**Severe Sepsis and Septic Shock**

ICU managed 19 patients with severe sepsis and septic shock in October. One ICU death is directly attributable to severe sepsis and septic shock, with an ICU sepsis specific mortality rate of 5.3 %.

**Infection Control Data**

For October, the ICU had 137 ventilator days with no Ventilator Associated Pneumonias (VAP), 112 Central Line device days with no Central Line Associated Blood Stream Infections (CLABSI) and 205 Urinary Indwelling Catheter days with no Catheter Associated Urinary Tract Infections (CAUTI). ICU infection rates continue to be much lower than national averages. ICU infection rate data is reported regularly to the National Healthcare Safety Network (NHSN).

**Rapid Response and Code Blue Teams**

ICU continues to lead, monitor and manage the Rapid Response and Code Blue Teams at UMC. Reports are reviewed monthly in Critical Care Committee meeting with Nursing and Quality Department. Goal is to increase utilization of Rapid Response Teams in order to decrease cardiopulmonary arrest episodes on the medical floors, and improve patient outcomes.

**Care Coordination/Readmissions**

In October, 75 patients were managed in the ICU. There were two readmissions to the ICU within 48 hours of transfer out. Both cases were due to persistence of a primary medical problem. Cases were reviewed and no further recommendations or actions warranted.

**Evidence-Based Practice (Protocols/Guidelines)**

Evidence based practices continue to be implemented in ICU with multidisciplinary team rounding, ventilator weaning, infection control practices, and patient centered practices. New initiative being implemented with Infection Prevention team is Hand Hygiene. Initial performance data is encouraging, but need to monitor for consistency. Infection Prevention team is monitoring performance.

**Growth/Volumes** - ICU is staffed 24/7 with in-house physicians and has a 16 bed capacity and is looking forward to operating at full capacity and full potential.

**Stewardship** - ICU continues to implement and monitor practices to keep ICU ALOS low and to keep hospital acquired infections and complications low.

ICU continues to precept George Washington University Physician Assistant students during their clinical rotations in UMC ICU.

**Financials** - We are requesting feedback on ICU financial performance.

**Needed Steps to Improve Performance**

Nursing staffing continues to be a challenge and we need more effective critical care nurse recruitment, and importantly, nurse retention. Goal is to continue to provide safe and high quality patient care, caring for patients with increased illness acuity, providing best evidence based practice, all while keeping ALOS low and preventing Hospital Acquired infections and complications. Working closely with Quality Department and Infection preventionist to ensure we continue to meet benchmarks.

*Francis O'Connell, M.D., Chairman*

Below are the summary of Emergency Department (ED) volume, key measures and throughput data for October 2018 as well as data from the preceding months of 2018. The daily census and ambulance traffic dropped slightly from the previous months.

With regards to hospital admissions, general psychiatric admissions have remained steady with a small increase in med/surg admissions in comparison to last month.

We are working with the hospital to identify ways to improve throughput in the Emergency Department.

We continue to work with hospital leadership in identifying ways to facilitate the transport of women in labor, late term obstetric emergencies, and other critically ill patients.

*Musa Momoh, M.D., Chairman*

The Department of Medicine remains the major source of admissions to and discharges from the hospital.

- Admissions:

|                           |          |             |
|---------------------------|----------|-------------|
| - Observation admissions: | Medicine | 139 (100%)  |
| - Observation admissions: | Hospital | 139         |
| - Regular admissions:     | Medicine | 365 (76.8%) |
| - Regular admissions:     | Hospital | 475         |

- Discharges:

|                           |          |            |
|---------------------------|----------|------------|
| - Observation discharges: | Medicine | 134 (100%) |
| - Observation discharges: | Hospital | 134        |

- Procedures

|                  |     |
|------------------|-----|
| - EGD's          | 59  |
| - Colonoscopies  | 52  |
| - ERCP           | 2   |
| - Bronchoscopies | 2   |
| - Dialysis       | 229 |

- Performance Improvement

|                   |   |
|-------------------|---|
| - Cases reviewed: | 3 |
| - Cases closed:   | 3 |

- Morbidity and Mortality was held on 10/17/2018; next conference is scheduled for 11/21/2018
- Department of Medicine quarterly meeting is on 12/12/2018.

*Eric Li, M.D., Chairman*

*Board Report Pathology  
November 2018*

**LABORATORY PRODUCTIVITY RESULTS** - We developed performance indicators we use to improve quality and productivity.

**TURNAROUND TIME** - Turnaround time is a critical factor that directly influences customer satisfaction.

**CUSTOMER SATISFACTION** - The key to business is providing great customer service, superior quality, and creating a unique customer experience.

**COMPLAINTS** - Complaints are an important metric for evaluating the quality of our laboratory processes.

**EQUIPMENT DOWNTIME** - It is important that laboratories track, monitor, and evaluate equipment failure rates and down time.

**Quality Initiatives, Outcomes, etc.**

**Core Measures Performance**

- 100% extra cranial carotid reporting using NASCET criteria
- 100% fluoroscopic time reporting
- 100% presence or absence hemorrhage, infarct, mass
- 100% reporting <10% BI RADS 3

Radiology staff continues to work to improve the turnaround of patients for CT and MRI of the brain through the department.

**Morbidity and Mortality Reviews:** There were no departmental deaths.

**Code Blue/Rapid Response Teams (“RRTs”) Outcomes:** There was no rapid response.

**Care Coordination/Readmissions:** N/A

**Evidence-Based Practice (Protocols/Guidelines)** We continue to improve patient transportation into and out of the emergency department. Imaging protocols and reporting are being reviewed and improved. Dr. Tu is working with UMC and GW PACS administrators to improve image sharing and integration into each system as patients obtain care at both facilities.

**Service (HCAHPS Performance/Doctor Communication)**

**Stewardship:** Dr. Tu has spoken at dozens of breast cancer awareness events in October. He was sworn as the 201<sup>st</sup> President of the Medical Society of the District of Columbia (MSDC) on October 19, 2018 and first radiologist to be president of the 13<sup>th</sup> oldest state medical society in the country. He was joined by UMC leadership and medical staff. Dr. Tu as a member of the medical staff at UMC as well as MSDC leadership with the over 12,000 licensees of the District strive to promote excellent patient care and tools for all District physicians so excellence may be delivered.

**MSDC** Medical Society of the District of Columbia • 2018 Annual Meeting and Reception  
October 19, 2018 • Cosmos Club, Washington, DC

Dear Colleagues:

Welcome to the 2018 Annual Meeting and Reception of the Medical Society of the District of Columbia (MSDC) at the historic Cosmos Club, where we celebrate our 201<sup>st</sup> year together in anticipation of our next 200 years. It is my honor to be installed as President of your Medical Society. As a radiologist born and raised here in Washington, DC, I embrace MSDC's vision to make DC the best place to practice medicine.

We are a diverse, minority-majority city, and I see medicine to be someday free of bias, discrimination, and barriers to access. We aren't there yet. We have seen racial bias in medicine, and discrimination based on sex, gender identity, sexual orientation, and country of origin is becoming more apparent. This affects patients and DC's next generation of doctors, and it needs to change. District physicians need to be role models of our women and under-represented minority residents and medical students at our historically significant medical schools.

Tonight, you'll mingle with and hear from people who are part of that future. Your medical society and its leadership are solid partners, as are our panelists, award winners, DC Health and Medicaid officials and many others in the room. Don't be a stranger in a strange new place tonight; search for an old familiar face. Make new friends and become emboldened to make a difference!

Sincerely,

Raymond Tu, MD, MS, FACR  
President, 2018-19

**CURRENT POSITIONS AND TITLES:**  
Partner, Progressive Radiology; Clinical Associate Professor, Radiology, The George Washington University; Chairman, Department of Radiology, United Medical Center; Chairman, Department of Radiology, BridgePoint Hospital, National Harbor and Capitol Hill; Relativity Update Committee (RUC) advisor and Common Procedural Terminology (CPT) Committee advisor to the AMA; District of Columbia Metropolitan Radiological Society Counselor and Past President

**WHY DO YOU PRACTICE IN DC?** For me, Washington, DC, is more than a place to practice. My first home was on the corner of Pennsylvania and Southern Avenue in Southeast Washington, DC. Born and raised here, DC is my "Anatevka" (*my little village...where else could a Sabbath be so sweet, where I know everyone I meet*). It is a city of opportunities and anyone who sees a step has the opportunity to climb it.

**UMC Leadership Representation at the Medical Society of the District of Columbia**

Ms. Angela Stewart, UMC Lead ER Technologist (*left*), Ms. Andrea Gwyn, UMC COO (*second left*), Raymond Tu MD, MSDC President and UMC Chair of Radiology (*center*), Ms. Jacqueline Payne-Borden, UMC CNO (*second right*), Ms. Fay Goode-Vaddy, UMC Director of Nursing (*right*)

UMC Radiology began operations of the new digital radiology multipurpose general radiology room which offers high resolution, fully digital low dose images for all adult and pediatric applications. This new Fuji Digital Radiology suite enhances the already digital portable radiology and fixed system in the radiology department.

*Raymond Tu MD MS FACR, Chairman of Radiology (left) and Jean Vladimir Mabout, MBA Administrative Director, Radiology and Cardiology (right) in new Digital Radiography Suite.*

**Financials: Active Steps to Improve Performance:** The active review of staff performance and history to be provided for radiologic interpretation continues. Dr. Tu will be collaborating with stakeholders to implement the new coding policy of the AMA CPT Editorial Panel. Coding integrity is essential.

*Gregory Morrow, M.D., Chairman*

For the month of October 2018, the Surgery Department performed a total of 211 procedures.

The chart and graft below show the annual and monthly trends over the last 6 calendar years

The start of the fourth quarter of 2018 reveal our surgical volumes have shown a consistent increase over the corresponding months of the previous years and are on pace to exceed the previous year's growth pattern. This has been due, in part, to our increase in Orthopedic surgical procedures. We continue to work diligently to increase our efficiencies and productivity while, at the same time, delivering the highest quality of care.

We continue to meet and / or exceed the quality measures outlined for the Surgery Department. These include Selection of Prophylactic Antibiotics, VTE Prophylaxis, Anastomotic Leak Interventions and Unplanned Reoperations.

The OR Committee meeting for October 2018 was a combined meeting with Materials Management and Product Review and Standardization.

The following action items came out of this meeting:

1. Need for more structure regarding access of vendors to the OR. Will need to have a more robust system for identifying company representatives, making certain that the products have been approved and compulsory sign-in with Materials Management on every visit to the hospital. No impromptu visits to the OR.
2. Assessment of equipment needs in the OR and to address how the closing of Providence Hospital will impact the services that we provide.
3. Engage Providence Hospital regarding some of their OR equipment and the option to obtain some of their inventory

The following projects are going well and will undergo continuous evaluation and modification as necessary:

1. ***Weekly OR Rounds*** where the major surgical procedures to be performed on any given week will be discussed including Diagnosis, Indications and Appropriateness of Planned Procedures, Alternative Therapies and Anticipated Outcomes. This will begin with the General Surgery Department with the other subspecialties to follow. This will be a Prospective Review.
2. ***Monthly / Bi-Monthly Morbidity and Mortality Rounds*** where ALL Complications and Adverse outcomes for patients will be analyzed. This will be a multidisciplinary conference including but not limited to Surgery, Internal Medicine, Anesthesia, Pathology and ICU. This will be a Retrospective Review. The next conference is scheduled for November 29, 2018 at 0800.

It is our goal to use these initiatives to improve standardization and reduce unnecessary variability of care and to bolster patient satisfaction and outcomes.

Surgery and Perioperative Services continue to collaborate with Finance to obtain vital data that will allow for better evaluation our current volumes as they relate to the needs of the community and current allocation of resources. This is an ongoing process and will continue to be modified as necessary to meet the outlined goals and objectives.

The ultimate goals being:

1. To identify the SERVICE LINES that are best suited for UMC and the community
2. To develop a STRATEGIC PLAN that will focus of meaningful and sustainable growth in the market place NOT just the volume of cases alone
3. To improve our PATIENT CARE AND SAFETY objectives

With the recent announcement of the closure of in-patient services at Providence Hospital effective December 14, 2018, we are anticipating recruiting and credentialing new surgeons that hopeful will bring a better mix of elective surgeries to UMC.

We are now entering into the final stages of completing the agreements for the joint educational venture with the Howard University Surgery Department regarding reinstition a surgery residency “Major Participating Site” program here at UMC. This is another in a series of steps to make our surgical program more robust and attractive to more community physicians.

# Chief of Medical Staff Report

At the Quarterly Medical Staff meeting on December 12<sup>th</sup>, 2018, The Medical Executive Committee will announce the election results of officers for the 2019/2020 MEC term. Also at the Quarterly Medical Staff meeting, recommendations for updates to Medical Staff Bylaws will be voted on.

The Medical Executive Committee approved and submitted the following action items to the Board of Directors beginning July 2018 through November 2018:

| <b>MONTH</b>     | <b>ACTION ITEM</b>  |
|------------------|---|
| <b>JULY</b>      | <ol style="list-style-type: none"> <li>1. The Credentials Committee requested approval of initial appointment, reappointment, change in category, and resignations in good standing.</li> <li>2. The Medical Education Committee requested approval of the following in response to the State of Maryland Medical Society (MedChi) Reaccreditation survey findings:               <ol style="list-style-type: none"> <li>a. Modification of the CME Evaluation Summary Form;</li> <li>b. Continuing Medical Education (CME) Policy 01 titled “Continuing Medical Education Program”;</li> <li>c. Continuing Medical Education (CME) Policy 02 titled “Continuing Medical Education Planning Process”;</li> <li>d. Modification of the CME Flyers regarding control of content;</li> </ol> </li> </ol>   |
| <b>AUGUST</b>    | <i><u>No Medical Executive Committee Meeting held.</u></i>  |
| <b>SEPTEMBER</b> | <ol style="list-style-type: none"> <li>1. The Credentials Committee requested approval of initial appointment, reappointment, change in category, and resignations in good standing.</li> </ol>   |
| <b>OCTOBER</b>   | <ol style="list-style-type: none"> <li>1. The Credentials Committee requested approval of initial appointment, reappointment, change in category, and resignations in good standing.</li> <li>2. The Bylaws Committee requested approval of the following revisions to the Medical Staff Bylaws, Rules and Regulations:               <ol style="list-style-type: none"> <li>a. Bylaws Article 2.6.5 titled “Admission History”</li> <li>b. Bylaws Article 3.1.1-F titled “Provisional Staff Category”</li> <li>c. Rules and Regulations Article 4.3 titled “Admission of Podiatric Patients”</li> </ul> <ul style="list-style-type: none"> <li>3. The Medical Education Committee requested approval of the revision to the Continuing Medical Education Program weekly regularly-scheduled sessions (RSS).</li> <li>4. The Pharmacy and Therapeutics Committee requested approval of the following: <ul style="list-style-type: none"> <li>a. Addition of Buprenorphine and Naloxone (Suboxone) to the Formulary</li> <li>b. Renal dose adjustment protocol for antimicrobials</li> <li>c. Adult extended infusion Piperacillin/Tazobectam protocol</li> <li>d. Controlled Substance Diversion Monitoring and Investigation (informational only).</li> </ul> </li> </ul>   |
| <p><b>NOVEMBER</b></p>                | <ul style="list-style-type: none"> <li>1. Requests for initial appointment, reappointment, change in category, and resignations in good standing from the Credentials Committee.</li> <li>2. The Bylaws Committee requested approval of the following revisions to the Medical Staff Bylaws, Rules and Regulations: <ul style="list-style-type: none"> <li>a. Bylaws Article 3.1.1 H titled “Resident Staff”</li> <li>b. Bylaws Article 5.5 titled “Special Conditions for Residents in Training”</li> </ul> </li> <li>3. The Health Information Management Committee requested approval of the following forms from the hospitals Department of Rehabilitation Services: <ul style="list-style-type: none"> <li>a. Inpatient Occupational Therapy Downtime Evaluation Form</li> <li>b. Inpatient Physical Therapy Downtime Evaluation Form</li> </ul> </li> <li>4. The Medical Education Committee requested approval of the following in response to the State of Maryland Medical Society (MedChi) Reaccreditation survey findings: <ul style="list-style-type: none"> <li>a. Modification of the needs assessment process and implementation of a new Needs Assessment annual survey</li> <li>b. Modification of the Needs Assessment Survey for Continuing Medical Education Program</li> <li>c. Modification of process to include adding a mechanism to collect presenter information regarding the referencing of “Off Labe” uses of products or devices to ensure disclosure is made to the learners.</li> </ul> </li> <li>5. The Pharmacy and Therapeutics Committee submitted the Clinical Intervention Report for informational purposes only.</li> </ul> |

It is my pleasure to present to the Board, Dr. Marilyn McPherson-Corder as the incoming Chief of UMC Medical Staff, and her term would start on January 1<sup>st</sup> 2019. Dr. Corder is a 1978 graduate of Howard University College of Medicine. Dr. Corder completed her residency in Pediatrics and went on to do two fellowships one in Medical Genetics and the other in Adolescent Medicine at Howard University Hospital. Dr. Corder currently serves as Assistant

Professor in the Pediatric Department at Howard University College of Medicine, the George Washington College of Medicine, University of Maryland Allied Health and Duke University Medical School. She is the CEO and President of her private pediatric practice, Children's Medical Care Center of DC since 1982.

Dr. McPherson-Corder served as the Medical Director of the Adero House in 1987 through 1992, the District of Columbia first co-ed adolescent drug rehabilitation program. She also served as the Medical Director of the District's First school bases clinic housed at Ballou Sr. High School in 1993 through 1997. Dr. McPherson-Corder also served as the Deputy of Medical Services for the District of Columbia Department of Youth Rehabilitation Services from 2000-2009. She was recently asked by the Department of Health to staff and Chair the Neonatal Nursery of the United Medical Center in S.E. Washington, DC.

Dr. McPherson-Corder is board certified in the American Academy of Pediatrics. Her memberships include; The National Medical Association ( President of the Prince Georges County Chapter 1991-1997 and 2004-present), The American Medical Association, Howard University Hospital Residency Association (former President and Chairman of the Board), Howard University Alumni Association (Board member 1998-2005), Charter Life Member and Board Member, Coalition of 100 Black Women: Charter member of the Prince George's County Chapter and a member of The Prince George's County Links.

Dr. McPherson-Corder has served on various committees to name a few; The Peer Review Committee: NYL Care, HMO 1993-1999, The Medical Advisory Committee: Charter Health Plan 1998- present, DC Teen Pregnancy Prevention Campaign: 1999-present, Child Morbidity and Fatality, Prince George's County Medical Advisory Committee for Charter Health Plan, D.C. HIV Advisory Committee .She has published articles in Parents, National Medical Association etc. She has been asked to speak to numerous local and national groups including the Deltas, AKA, Links, Congressional Black Caucus, The National Conference of Black Mayors, National 100 Black Men Association, HUMA, American Academy of Pediatricians as a CATCH recipient, National Medical Association, Dr. McPherson-Corder has appeared on numerous talk shows dating back over 25 years ago as Adolescent Specialist for BET "Teen Summit", NBC "View Point" with Joe Grab, CBS "Health Watch" with Anita Brickman, ABC Health Consultant with Rea Blackey as a medical expert on various medical topics. She is often heard nationally over the air on various radio broadcasting networks including NPR "Tell Me More" with Michelle Martin, WHUR "The Evening Drum", WPGC as the HIP-HOP DOC, and her own weekly radio show "Village Talk" WOL Radio One. She was recently recognized for her pediatric excellence in the care of one of her patients in the Washington Post and on the following television shows Dateline: "Eye on America:" Katie Couric, CBS Evening News, "The Rachel Ray" and "The Oprah Winfrey Show". Her numerous radio and television appearances have highlighted on Children and Adolescent Health and Behavior. She host her own Saturday radio show WOL: 1450 The Village Radio Show and is known for her candid and informative discussion on the care

Dr. McPherson-Corder has numerous faculty and recognitions awards just to mention a few, The Prince Georges County chapter, Alpha Kappa Alpha Sorority Inc. Service award 1996, The Black Woman's Health Council, Inc. 1997, The Outstanding Woman of Medicine, and Prince George's County Delta Sigma Theta Sorority, Inc. Fortitude Award of year 1995.

She has been an advocate for child and teen health for over 30 years and has been dedicated to serving the community both nationally and in the Caribbean especially the

underserved youth. Her most recent passions are the fight against childhood obesity and the spread of HIV.

Thank you  
Mina Yacoub, MD  
Chief of Medical Staff

UMC

UNITED  
MEDICAL CENTER

---

**General Board Meeting**

**Date: November 28, 2018**

---

**Executive  
Management  
Report**

*Presented by:*  
**Matthew Hamilton**  
**Chief Executive Officer**

## **United Medical Center Management Report Operations Summary – November 2018**

### **QUALITY**

#### **ENVIRONMENT OF CARE (EOC)**

UMC passed preoccupancy inspection for the newly installed X-ray machine. UMC now has 2 X-ray rooms improving patient access and capacity.

EOC rounding continues as weekly activity for the Quality Department. The Skilled Nursing Facility has recently been incorporated into the regular schedule to address any EOC and patient safety issues. The Quality Department continues to track all issues in Audit Pro.

#### **TRAINING AND DEVELOPMENT**

Two members of the Quality Department attended a two day MedMined® training course in which they gained valuable insight regarding the monitoring of Hospital Acquired Infections (HAIs), sentinel events, isolation cases, and antibiotic stewardship. Additional areas of focus included infection prevention workflow, graphing and reports, compiling data for submission to the National Healthcare Safety Network (NHSN), and identifying clusters and possible outbreaks.

#### **PATIENT SAFETY**

Leapfrog released UMC's Fall 2018 Hospital Safety Grade. The grade of D was primarily based on data Leapfrog gathered for calendar year 2017. Key areas of improvement that we have solidified action plans on are as follows: participation in a nationally recognized patient's safety culture survey, robust patient safety program and committee, improvement of patient satisfaction scores around staff responsiveness, communication about medication, and discharge information.

#### **PERFORMANCE IMPROVEMENT (PI)**

Current hospital-wide PI initiatives include reducing the ED throughput time and streamlining the New Employee Orientation to reduce duplication, delays, and increase attendee satisfaction.

#### **REGULATORY COMPLIANCE**

United Medical Center was issued a certificate of licensure as a general hospital with an authorized total capacity of 210 beds.

During the month of October DC Health initiated three investigations related to patient care provided in the Emergency Department (ED) and on the Behavioral Health Unit (BHU). UMC is currently awaiting receipt of final report of findings. Corrective action plans are in process based off of preliminary findings.

United Medical Center voluntarily disclosed to DC Health and Joint Commission a reportable sentinel event. The corrective action plans developed from the Root Cause Analysis (RCA) will be reviewed with Joint Commission in January 2019.

### **POLICIES AND PROCEDURES**

The Quality Department is working collaboratively with multiple departments to facilitate the transition of the current policy and procedure process to a fully electronic management process. Currently the policies and procedures are being reviewed/verified for correct version to ensure the most up to date policies are uploaded to the Navex system which will serve as a policy revision tool, approval routing system, and policy repository. The Policy and Procedure Committee will meet on a bi-weekly basis to continue to identify, review, approve policies and procedures in preparation for subsequent upload into Navex.

## **PATIENT CARE SERVICES**

### **5 WEST AND 8 WEST**

#### Education

All RNs on Telemetry and Med/Surg unit are currently taking the dysrhythmia class offered by the Director of Education.

The Pharmacy Department initiated training on 11/13/18 for the Extended Pip/Tazob infusion protocol and pilot study on 5 West. Projected go-live date is 11/26/18. All 5 West staff (RNs), will complete course in Relias after the Pharmacy training.

#### PI Initiatives

A total of 66 charts were reviewed for pain reassessment for the month of October:

- 30 charts were reviewed for care plan update and completion in October
- 26 (95%) charts were in compliance and 4 (5%) charts were not in compliance. 54 charts were reviewed for Allergies, 47 (87%) charts were completely updated and 7 (13%) charts were not updated.
- 48 charts were reviewed for medication reconciliation. 45 (94%) charts were in compliance and 3 (6%) charts were not in compliance. Staff was counseled whose charts reflected non-compliance.

#### Service Recovery

A total of 860 rounds were done on 8 West and 5 West for the month of October by nursing leadership. Patient complaints were properly addressed and each departmental head was notified. Staff was educated during daily huddles on how to address patient complaints and other issues related to patient safety.

## DIABETES CENTER

Most frequent errors are missed insulin without documentation and giving insulin at HS that is only ordered TID with meals. Results are reported to managers along with supporting documentation. Manger meets with the nurse identified to provide coaching and progressive discipline.

### Insulin Drip Documentation in the EMAR

The correct documentation of insulin drip is tracked by the diabetes educator. The chart is reviewed for the location and start time of the insulin drip, nurses who care for the patient, and accurate titration of the drip. The majority of insulin drips are started in the ER and patient is then transferred to the ICU.

*October Update: An IT request has been made to display insulin drip as part of the diabetes daily report. The report writing team is in the process of identifying how to pull this information from Meditech.*

Insulin Drip EMAR has been fully implemented in ICU; staff was instructed by the diabetes educators. Staff has utilized the screen and positive feedback has been obtained thus far. Implementation of the insulin drip EMAR has not gone live in the ER.

*October Update: - IT is currently working on developing a screen for ER similar to the drip titration screen used in ICU. Plan is to use this until ED can implement scanning of medications. This will have an area to record the glucose, current drip rate and the adjusted drip rate. ER continues to document in the rounding note.*

### Staff Education

Insulin administration accuracy is included as part of nursing orientation. Huddles are presented on the nursing unit to address identified knowledge deficits.

## CRITICAL CARE

| Month   | Admission | ADC  | Sepsis | Code Blue | Rapid Response | Restraints |
|---------|-----------|------|--------|-----------|----------------|------------|
| October | 12        | 9.06 | 2      | 12        | 30             | 3          |

Education

New Stryker beds were delivered. In-services were provided for staff regarding use of beds with a live demonstration. Staff was also able to use a skills checklist to learn and provide a return demonstration on bed functions.

We currently have a new nurse educator for the department and are working closely to develop an education plan and orientation material. CCU continues to reinforce the insulin drip education.

The staff are advised to complete their Relias education in anticipation of the hands on skills fair for the annual competencies.

PI Initiatives

Monitoring random narcotic administration audits to track narcotics that were not wasted and not documented timely. Joint Commission survey tools are being used to ensure Joint Commission compliance and readiness.

Service Recovery

Continuing to round on patients. No issues found during rounding.

**EDUCATION**

| <b>Number of Classes Provided</b> |           |           |            |            |           |                    |
|-----------------------------------|-----------|-----------|------------|------------|-----------|--------------------|
| <b>Month</b>                      | <b>8W</b> | <b>5W</b> | <b>ICU</b> | <b>BHU</b> | <b>ED</b> | <b>OR/PACU/ASU</b> |
| <b>Oct 2018</b>                   | 3         | 3         | 3          | 3          | 3         | 3                  |

Education:

- Telemetry Class 2018
- Leadership Class
- Clinical Orientation (new hires)
- Glucose Training/Observation
- Relias Training for Managers and Staff
- Relias Training for EVS Staff In-Service

PI Initiatives:

- Top 5 Practice Updates
- Collaborated with EBSCO Health for Nursing Resources: Nursing Reference Center Plus
- Sage Oral Care Products - collaborated with UMC Representative for In-Service preparation of Ventilator Oral Care kits for 5 and 8 West
- SiTEL - collaboration with MedStar Health Simulation Training and Education OB Emergency
- Simulation Drills

## EMERGENCY DEPARTMENT

| Average Time (Minutes)     | Goal | SEPT | OCT |
|----------------------------|------|------|-----|
| Door to triage             | 30   | 33   | 27  |
| Door to room               | 45   | 101  | 89  |
| Door to provider           | 60   | 107  | 100 |
| Door to departure          | 150  | 251  | 158 |
| Decision to admit to floor | 240  | 286  | 205 |

| ED Metrics                            | SEP    | OCT   | NOV |
|---------------------------------------|--------|-------|-----|
| Visits                                | 4721   | 4636  |     |
| Prior Year Visits                     | 4968   | 5053  |     |
| % Growth                              | -5.23% | -8.99 |     |
| LWBS                                  | 220    | 185   |     |
| Ambulance Arrivals                    | 1349   | 1245  |     |
| Ambulance Admissions                  | 294    | 356   |     |
| % of ED patients arrived by Ambulance | 29%    | 27%   |     |
| % of Ambulance Patients Admitted      | 22%    | 29%   |     |

### Education:

- Initiation of quick look protocol/competency
- Initiation of Flu immunization
- Black Waste Bin - medication only
- Navex - documentation of all incidents
- Splint - documentation by discipline applying splint (finance)
- TTY phone with operator/review policy
- New Wound Camera for identifying admitted patients with wounds

### PI Initiatives:

- Triage within 15 minutes (goal 30 minutes)
- EKG on arrival (goal < 10 minutes)
- Quick Look RN 24/7
- Vital Signs Q 4 hours or < if warranted
- Pain reassessment 1 hour or 30 minutes after PO/IV medication

### Service Recovery:

- Able to provide service recovery in real time
- No additional recovery required

## CASE MANAGEMENT

### Status:

- Vendor selected for ambulance/patient transportation has withdrawn from consideration; indicates not able to take on additional contract at this time. Plan to move forward with alternate vendor.
- Interviews underway to fill critical Clinical Social Worker positions

- Strategic plan to restructure department to improve operational oversight
- On target to implement web-based naviHealth discharge planning application on November 14, 2018

**Metrics**

In October 2018, 6.58 days; no change in the ALOS over September 2018 6.58 days.

**MAJOR Barriers:**

- DC Medicaid outlier cases with length of stay greater than 20 days with no accepting facility
- LTAC refusing to accept patient back due to prior outstanding balance
- Patient refusing to spend income to pay for assistance needed; requires maximum assistance
- Lack of DC Medicaid beds at skilled nursing facilities
- Manual referral process used for discharge planning; this will be improved with go-live of naviHealth in mid-November
- Lack of physician advisor services to adequately address LOS issues (Peer to Peer) and provide denials prevention
- Lack of staffing - critical staffing needs are not being filled adequately or timely
- Challenges recruiting and retaining clinical Social Worker staff due to salary structure

**RESPIRATORY SERVICES**

**Education**

On October 17, 2018, several UMC Respiratory Therapist (RT) attended the 15<sup>th</sup> Annual Mechanical Ventilation Conference in College Park, MD. Learned about treating an obese ventilator patient, treating a mechanical ventilator patient with bio-trauma, and many other current updates in mechanically ventilated patients. Each RT in attendance earned 7 CRCE continuing education contact hours from the American Association for Respiratory Care.

**PI Initiatives**

A total of 284 Arterial Blood Gas (ABG) samples were drawn from patients by Respiratory Therapist in October 2018. Five, or 1.76%, of the ABG samples reported did not have a

necessary “read back” of confirmation of a critical value. In comparison, in September 2018, a total of 264 ABG samples were obtained. Of these blood samples, two, or 0.75%, did not have documentation of a critical value being reported properly.

## **OPERATIONS – NON CLINICAL SERVICES**

### **HIGHLIGHTS**

Develop facilities and operational standards to support existing facilities, renovations and future operations. Latest projects are as follows:

- Radiology Fluoroscopy Rooms (#3 and #4): (In Progress)
  - Architectural design proposal completed
  - RFQ
- Radiology Dressing/Restroom Area: (In Progress)
  - Architectural design proposal completed
  - RFQ
- Completion of Mammography Suite: (In Progress)
  - Contractor selected; permit application
- ED Renovation: (In Progress)
  - Architectural design proposal completed. Scope reduced – new proposal slated for beginning of December.
- Kitchen Walk-in Cooler and Freezer Replacement Construction – To reduce freezer and refrigeration annual repair costs by 40%. Compliant with Department of Health requests. Reducing possible citations. On Hold pending permit approval.
- IR Room HVAC and mechanical upgrade: (In Progress)
  - Proposal/Scope of work under review

### Completed Projects:

- SNF Department – 6<sup>th</sup> and 7<sup>th</sup> floor refresh (new seating, patching/painting, lighting, ceiling tiles, replacing diffusers); Staff break room, activity rooms, beauty salon area. **COMPLETED 11/20/2018**
- Auditorium Renovation – Auditorium refresh (new seating, carpet, ceiling tiles and lighting, and audio visual equipment). **COMPLETED 11/9/2018**

### Future Projects:

- Cart Storage and Store Front Construction:  
(This construction will assist with faster more efficient service to our patients and residents.)
  - Architectural design proposal completed
  - RFQ in process
- Pharmacy Renovation
- Bronchoscopy Study

## **CONSTRUCTION/RENOVATION PROJECTS**

Grounds and Landscaping: Address exterior entrance refurbish needs, update all lighting to LED, entrance and elevator cleaning, landscaping campus wide, power washing main entrances, identify projects for back entrances updates (UDC, Security entrance). **Update:** Identified vendor for employee entrance, security entrance and UDC – install date beginning of December. New matting at all 3 entrances: Main Hospital entrance, ED entrance, and MOB entrance (11/24/18).

Hospital wide – Continuing to install new ceiling tiles; install/replace corner panel moldings, baseboards, and add additional lighting to main hallways. Patching/painting/decluttering office and clinical spaces.

Flooding Restoration Work: Leading efforts with key stakeholders: Facilities, EVS, Risk Management, and Infection Control departments. CNA engaged with JS Held to provide a moisture assessment of impacted spaces and adjacent areas. JS Held provided a detailed scope of work and completed bid process. **Update:** 1<sup>st</sup>, 2<sup>nd</sup>, and 3<sup>rd</sup> floors completed, BHU/4<sup>th</sup> floor hallways slated for early December.

## **SPECIAL PROJECTS**

Hospital Clean/Declutter Campaign continues:

- Facilities/EVS/Biomed – Removal of items that can be discarded or stored in designated areas; deep cleaning of all areas; maintenance to do a comprehensive PM of all areas for any deficiencies
- Removal of all documents/forms with patient identifiers (to be shredded)
- Security – Fire/safety rounds of floors, test all cameras and access points, need to add additional keypads to back of HR records room; Finance; Executive suite; and Compliance area
- Materials Management – Assist with consolidation of storage areas
- Inventory of all Assets (continued) – Biomed and Facilities departments – upload and update in Maintenance Connection system.
- Monthly exterior power washing

EVS Department:

- Completely stripped and waxed X-ray room 1
- Visitor waiting rooms in ICU scrubbed and waxed
- Continued to strip wax from PEDS ER floors
- Completed adult ER halls
- Ground floor corridors scrubbed and waxed
- 7<sup>th</sup> floor rehab scrubbed and waxed – additional areas this week
- Offices on 6 scrubbed and waxed
- Doctor's office in ICU scrubbed and waxed
- Offices on 3 scrubbed and waxed 308, 310, 311 and 312
- MOB halls on the 2<sup>nd</sup> and 3<sup>rd</sup> floors scrubbed and waxed
- Pharmacy lounge scrubbed and waxed
- HR floors scrubbed and waxed
- 2 offices on the 6<sup>th</sup> floor scrubbed and waxed
- Cleaned out shed behind facility
- Scrubbed and waxed control room in auditorium

- Scrubbed back lower landing in auditorium
- Conference room 712 scrubbed and waxed
- 7<sup>th</sup> floor RN station scrubbed and waxed

Support Services (Environment of Care) Rounds – Actively engage non-clinical staff in delivering a positive patient experience. Implemented zone maintenance; multi-disciplinary rounding.

Furniture needs throughout the hospital – To address some of the deficiencies found during our Environment of Care rounds and daily rounds in clinical/admin areas, we have had several visits to our GSA Surplus Warehouse. Current areas: HR offices; SNF Activity Rooms (6 and 7); Respiratory Therapy offices; Patient Relations offices; Medical Staff office; Conference Rooms.

## HUMAN RESOURCES

### UPCOMING HR BEST PRACTICES IMPLEMENTATION:

- HR Recent Successes
  - Successful Interim Audit with no findings notated thus far
    - Positive feedback from Auditors included notation of the increased organization within HR, increased accessibility and collaborative interaction with HR professionals, and effective presentation of file documentation
  - Team fully staffed with Nurse Recruiter and Worker's Compensation Manager to aid the team in future successes
    - All outstanding worker's compensation claims are now entered into IntelliRisk and the organization is 100% compliant with timely claim entries
- The Labor Management Action Team (LMAT) Process to Now Include DocuSign
  - Incorporation of DocuSign for routing of PARs and Sufficiency Forms
    - Proposed DocuSign routing is outlined below:
      - DocuSign Workflow - Pre-steps to onboarding process
      - Supervisor/Manager (Department Head) initiates document including pertinent details, signs, and sends PAR/Sufficiency by DocuSign desktop icon (Department Leads)
      - HR Generalist to receive notification of initiation of document, notate accordingly on LMAT spreadsheet, and begin initiation of the document routing
      - COO Signature
      - HR Signature
      - LMAT Committee signature (Jacqueline Payne-Borden or Marcela Maamari)
      - CEO Signature
      - Finance signature for approval
      - Document routed back to HR through DocuSign
      - HR to provide needed action: posting requisitions, initiating transfers, processing terminations, resignations, etc.

- Streamline the Hiring and Onboarding Process
  - Implementation of technology for the onboarding process
    - Inclusion of new hire documentation on Intranet “New Hire Portal” accessible to all new hires
  - Utilize newly created Applicant Tracking System to track recruitment time
  - Restructure of day one process to shorten the time duration to enable new hires
    - Extend time on day one to acclimate with their respective teams
    - Assign each new hire with a peer coach or mentor to provide support
  
- Benefits Open Enrollment
  - Open Enrollment for UMC for benefits eligible employees begins on December 3<sup>rd</sup> through December 17<sup>th</sup>
    - The organization is increasing its contribution to 80 percent to make the Kaiser HMO plan more attractive and to increase employee participation
    - The organization is increasing its contribution to 30 percent to the Kaiser Flexible Signature Plan, which allows participants to see providers outside of the Kaiser Network
    - Colonial is the new Life Insurance Provider for UMC
      - Highlights of Colonial Coverage Includes:
        - Accident Coverage
        - Annual Mammograms with no out of pocket cost
        - Cancer Prevention Screening with no out of pocket cost

The Not-For-Profit Hospital Corporation

## 2019 OPEN ENROLLMENT GUIDE

Open Enrollment will be held  
**DECEMBER 3 through DECEMBER 17, 2018**

*This is the period during which you have the opportunity to enroll or make changes to medical, dental, life insurance, and other benefit elections for you and your family.*

# WELCOME

## *to the 2019 Open Enrollment!*

The Not-For-Profit Hospital Corporation strives to offer you and your dependents a competitive and comprehensive benefits package. This year is no exception and as an example of your commitment to you we have restructured our employee vs. employer contribution share on the medical plans to make them more affordable for you and your family.

We encourage you to take the time to educate yourself about the available benefit options. The benefits you elect during Open Enrollment will be effective from January 1, 2019 to December 31, 2019. Once you have made your elections, you will not be able to change them until next Open Enrollment period unless you experience a qualified change in status.

## 2019 Benefit Highlights

### Medical Plans

Our Benefit Consultants reviewed other carrier and plans options and the most competitive option (both financially and by plan design) remains with Kaiser. **We have realigned our employee vs. employer cost sharing to make it more affordable for employees to enroll in the medical plans.** We are also providing you with a plan option where you can visit non-Kaiser providers. More details on the 2019 medical plans and payroll contributions can be found on pages 4-5. Please make sure you read the information regarding the two plans we are eliminating.

### Wellness Benefit - **NEW!**

Employees who are able to certify that they are non-tobacco users will be eligible for a reduction to their medical plan payroll contributions. Please see page 6 for further information.

### Dental Plan - **PRICE DECREASE!**

We were able to negotiate a **DECREASE** to the current Aetna Dental rates. Plan details and payroll contributions can be found on page 7.

### Vision Plan - **PRICE HOLD!**

We were able to negotiate a no-increase renewal with VBA. Therefore the current plan and payroll contributions will remain for the new plan year and can be found on page 8.

### Basic Life/AD&D—**100% EMPLOYER PAID**

The Not-For-Profit Hospital Corporation will continue to provide all benefit eligible employees with this benefit paid for 100% by the company. Benefit details can be found on page 9.

### **VOLUNTARY PLANS - NEW CARRIER/PLANS!**

Colonial Life is offering our employee's competitive rates for the following voluntary plans. Please schedule an appointment to meet with a Colonial Representative during open enrollment.

- Disability
- Additional Term Life or Whole Life
- Accident or Hospital
- Critical Illness/Cancer

# Enrollment Information

## What do I need to do now?

This is a passive enrollment so you must log into Plan Source for only the following reasons:

- **Medical Plan:** We have narrowed our plan portfolio down to two plans, which means we are eliminating two plans. If you are currently enrolled in the HMO Select Plan or the High Deductible Health Plan (HDHP) we are automatically going to enroll you into the Kaiser DHMO plan unless you select another plan via Plan Source (see page 4). Also you can log into Plan Source to change your dependent coverage status.
- If you have not used tobacco products in the past six months, please certify via Plan Source to be eligible for the discounted medical employee contribution.
- **Flexible Spending Account (FSA):** Each year you are required to re-enroll in this plan as your current election cannot rollover to the new plan year; this is an IRS rule. See page 10 for information on the FSA.
- You want to change your enrollment in the **Vision or Dental Plans**, or the dependents you cover in those plans. If you do not make any changes via Plan Source to these plans, your current plan and dependent elections will rollover to 2019.

**YOU MUST MAKE ANY PLAN CHANGES NO LATER THAN MONDAY, DECEMBER 17TH**

## Instructions to Enroll via Plan Source:

1. Go to [www.plansource.com](http://www.plansource.com)
2. Click on “Login”
3. Click on “Benefits Administration”
4. Follow instructions on how to input Username and password  
*Your Username will be capital initial of first name, lowercase first 4 letters of last name, and last 4 SSN*

*Your Temporary password is capital initial of last name and date of birth without dashes (LMMDDYYYY). You will be prompted to change your password. Once Logged in, the employee will need to select each benefit and indicate whether or not they are enrolling or denying each benefits plan.*

5. Click checkout and submit for processing.
- If you have questions regarding Plan Source, please contact James Neuvieme at [JNeuvieme@United-MedicalCenter.com](mailto:JNeuvieme@United-MedicalCenter.com) or via (202) 574-6079.

## Making Plan Changes

Unless you experience a qualified change in status, you cannot make changes to the benefits you elect until the next Open Enrollment period. Qualified status changes include: marriage, divorce, legal separation, birth or adoption of a child, change in child’s dependent status, death of spouse, child or other qualified dependent, change in residence due to an employment transfer for you, your spouse, commencement or termination of adoption proceedings, or change in your spouse’s benefits or employment status.

If an eligible dependent had other coverage and such coverage is lost, the eligible dependent may be eligible for enrollment during a “special enrollment period,” which is usually the 31-day period following the date that other coverage was lost, due to a qualified change in status.

You must notify Human Resources within 31 days of experiencing a qualified status change.

## Medical Plans: *Kaiser Permanente*

We have narrowed down our plans to make it more affordable for our employees to cover themselves and their families. We have also given you freedom via the Flexible Choice Plan (Flex Plan) to utilize providers outside the Kaiser HMO network.

If you are currently enrolled in the HMO Select Plan, we are going to automatically enroll you in the new "Base Plan", Deductible HMO (DHMO) plan. If you would like to enroll in the Flex plan instead, please log into the Plan Source system and make your selection (see page 3 for instructions).

NOTE: if you are currently enrolled in the HMO Select Plan, by moving to the Base Plan/DHMO, you will be saving \$1,300 single/\$3,900 family per year in employee payroll deductions! **This savings is greater than the in-network deductible in the DHMO Base Plan.** See page 6 for employee contributions.

| <b>Outpatient Surgery</b>                         | Plan pays 80%   | \$100 copay         | Plan pays 80%        | Plan pays 60%      |

\*Deductible HMO Plan -PCP, specialist, emergency room, urgent care, etc. are not subject to the deductible.

\*\* Flexible Choice Plan - PCP, Specialist, etc. is not subject to the deductible

For a more detailed listing of benefits, please refer to the Kaiser Permanente benefit summaries.

# Prescription Benefits: *Kaiser Permanente*

The two Kaiser medical plans include prescription drug benefits administered by Kaiser. If you elect to participate in one of the medical plans, you are automatically enrolled in the prescription drug plan that corresponds with the medical plan of your choice.

## Kaiser Deductible HMO

|                            | PRESCRIPTIONS OBTAINED AT<br>"PLAN PHARMACIES"<br>(KAISER PHARMACIES LOCATED<br>INSIDE KAISER MEDICAL CENTERS) | PRESCRIPTIONS OBTAINED AT<br>"PARTICIPATING PHARMACIES"<br>(SUCH AS RITEAIDE, WALMART,<br>SAFEWAY, GIANT, ETC.) |
|----------------------------|--|---|
| <b>Generic</b>             | \$15.00  | \$25.00   |
| <b>Preferred Brand</b>     | \$35.00  | \$55.00   |
| <b>Non-Preferred Brand</b> | \$60.00  | \$80.00   |
| <b>Mail Order</b>          | 2x Retail Copay  |   |

## Flexible Choice Plan

|                            | PRESCRIPTIONS OBTAINED AT<br>"PLAN PHARMACIES"<br>(KAISER PHARMACIES LOCATED<br>INSIDE KAISER MEDICAL CENTERS) | PRESCRIPTIONS OBTAINED AT<br>"PARTICIPATING PHARMACIES"<br>(SUCH AS RITEAIDE, WALMART,<br>SAFEWAY, GIANT, ETC.) |
|----------------------------|--|---|

| <b>Preferred Brand</b>     | \$30.00  | \$50.00   |
| <b>Non-Preferred Brand</b> | \$55.00  | \$75.00   |
| <b>Mail Order</b>          | 2x Retail Copay  |   |

## About the Mail Order Program

With the Kaiser HMO, Deductible HMO, HDHP and KP Plan Provider plans, using the mail order program for your maintenance medications will save you money. You will receive up to a 90-day (3-month) supply for two retail copays. In addition to the savings, your prescriptions will be delivered right to your home.

*To begin using mail order, simply complete a mail order form at [healthy.kaiserpermanente.org](http://healthy.kaiserpermanente.org) and send along with your prescription(s) written for a 90-day supply of medication.*

## Medical: *Employee Contributions*

The medical/prescription drug employee contributions will be effective from January 1, 2019 to December 31, 2019. If you are currently enrolled in the HMO Select Plan, by moving to the Base Plan/DHMO Plan, you will be saving \$1,300 single/\$3,900 family per year in employee payroll deductions! This savings is greater than the in-network deductible in the DHMO Base Plan. (Note: Colonial Life is offering a voluntary hospital plan that you can purchase to bridge the deductible gaps in both medical plans.)

A \$10.00 per month discount will apply to those who can certify they have not used tobacco products within the past six months. For this discount, please log into the Plan Source enrollment portal and certify that you are a non-tobacco user.

### Bi-weekly Medical/Prescription Contributions - Non-Tobacco User

## Dental Employee Contributions

Contributions are effective January 1 - December 31, 2019.

| ENROLLMENT TIER               | EMPLOYEE | EMPLOYEE + SPOUSE | PARENT + CHILD(REN) | FAMILY  |
|-------------------------------|----------|-------------------|---------------------|---------|
| <b>Bi-Weekly Contribution</b> | \$2.46   | \$5.67            | \$4.56              | \$7.11  |
| <b>Monthly Contribution</b>   | \$5.34   | \$12.29           | \$9.88              | \$15.40 |

## Vision Plan: *Vision Benefits of America*

There are no changes to the vision plan benefits or costs for 2019 plan year.

If you need help finding an in-network vision provider, please visit [www.vbaplans.com](http://www.vbaplans.com). Click on "Vision Plan" and then choose "I am a Member" from the drop down menu. Click on "Provider Finder" from the left column.

|   | IN-NETWORK  | OUT-OF-NETWORK   |
|---|---|--|
| <b>Exam</b>   | Covered 100%  | Up to \$40   |
| <b>Frames</b>   | Covered 100% if within the plan's wholesale allowance | Up to \$45   |
| <b>Lenses</b>   | Covered   | Up to  |
| Single Vision Lenses                                      | 100%  | \$40   |
| Bifocal Lenses  | 100%  | \$60   |
| Trifocal Lenses   | 100%  | \$80   |
| Lenticular Lenses   | 100%  | \$100  |
| <b>Contact Lenses</b>                                     |   |  |
| Elective Contact Lenses*                                  | Up to \$75  | Up to \$75   |
| Elective Contact Lens Fit Fee                             | 15% discount  | N/A  |
| <b>Medically Necessary (prior authorization from VBA)</b> | 100%<br>In lieu of all other materials/services       | Up to \$250<br>In lieu of all other materials/services |
| <b>Frequency</b>  |   |  |
| Vision Exam   | Once every 12 months                                  | Once every 12 months                                   |
| Lenses  | Once every 12 months                                  | Once every 12 months                                   |
| Frames  | Once every 24 months                                  | Once every 24 months                                   |

\*The contact allowances can be applied to contact lens fit and/or contact lens materials and there is no guarantee that these amounts will be sufficient to cover the full cost of said fits and/or materials.

## Vision: Employee Contributions

The contributions are effective January 1, 2018 to December 31, 2019.

| ENROLLMENT TIER               | EMPLOYEE | EMPLOYEE + SPOUSE | PARENT + CHILD(REN) | FAMILY |
|-------------------------------|----------|-------------------|---------------------|--------|
| <b>Bi-Weekly Contribution</b> | \$0.40   | \$0.74            | \$0.65              | \$0.98 |
| <b>Monthly Contribution</b>   | \$0.87   | \$1.60            | \$1.41              | \$2.12 |

# Life and Disability Insurance, Critical Illness/Cancer Plan, Accident & Hospital Plans: *Sun Life & Colonial*

## Basic Term Life and AD&D Insurance

The Not-For-Profit-Hospital Corporation provides all benefit eligible employees with a Basic Life & AD&D Benefit - **paid for 100% by the company.**

| BASIC TERM LIFE AND AD&D PLAN  |   |
|--|---|
| <b>Benefit Amount</b>  | 1x basic annual earnings, up to a maximum of \$150,000 salary |
| <b>Benefit Reductions: Benefits are reduced by a certain percentage as employees age</b> | Benefits are reduced to 65% at age 65 and to 50% at age 70.   |

## Disability Insurance

In the past we have offered a 100% employee-paid short term and long term disability benefit with SunLife. If you are currently enrolled with the SunLife disability plan(s) you can remain grandfathered in these plans and not make any changes.

**NEW DISABILITY BENEFITS:** We are now offering a catalog of voluntary products by Colonial Life, including disability benefits. These benefits are affordable and offer comprehensive benefits coverage. **PLEASE SCHEDULE A TIME TO MEET WITH THE COLONIAL LIFE REPRESENTATIVE DURING OPEN ENROLLMENT.**

## NEW PRODUCTS WITH COLONIAL LIFE:

We will be offering the following individual voluntary coverages via Colonial Life:

- Disability
- Additional Term Life & Whole Life
- Accidental
- Hospital
- Critical Illness/Cancer

Colonial Life Policies are not listed on the Plan Source enrollment site. These benefits require you to meet with a Colonial Life Representative. Please schedule your one-on-one meeting for open enrollment!

# Flexible Spending Account: *Plan Source*

## What is a Flexible Spending Account

A Flexible Spending Account (FSA) is an employee benefit that can save you money on eligible health care and dependent care expenses for you and your family.

## There Are Two Types of FSAs:

- **The Health Care FSA** is used to pay for eligible out-of-pocket medical expenses not paid by insurance or other source.
  - The maximum you can contribute to the Healthcare FSA is **\$2,700**
- **The Dependent Care FSA** is used to pay for eligible child or elder care expenses including daycare, before-/after-school care and summer camp.
  - The maximum you can contribute to the Dependent Care FSA is **\$5,000** if you are a single employee or married filing jointly, or \$2,500 if you are married and filing separately.

## How Will an FSA Save Me Money?

When you enroll in an FSA, your deductions are taken on a pre-tax basis. Therefore, you pay less in taxes. Here's an example:

| ANNUAL SAVINGS*                                    | WITH FSA   | WITHOUT FSA |
|--|------------|-------------|
| Annual Pay   | \$50,000   | \$50,000    |
| FSA pre-tax contribution                           | (\$2,000)  | \$0         |
| Taxable income                                     | \$48,000   | \$50,000    |
| Federal income, Social Security and Medicare taxes | (\$11,444) | (\$12,097)  |
| After-tax dollars spent on eligible expenses       | \$0        | (\$2,000)   |
| Real spendable income                              | \$36,556   | \$35,903    |
| Savings with an FSA                                | \$653      | \$0         |

\*Sample tax savings for a single taxpayer with no exemptions. Actual savings will vary based on your individual tax situation. Please consult a tax professional for more information

## Should I Enroll?

If any of the following apply to you or eligible family members, enrolling in an FSA can save you money on:

## Health Care

- Copays, deductibles or coinsurance for medical, dental or vision plans
- Prescription Medications
- Glasses, contacts or laser eye surgery
- Orthodontia treatments, such as braces

## Dependent Care

You and your spouse (if married) are working, looking for work or attend school full-time and

- Have children under age 13 who attend daycare, before-/after-school care or summer day camp, or
- You provide care for any other person who is mentally or physically incapable of caring for himself or herself, and comply with IRS regulations

## How Much Should I Contribute to My FSA?

The amount you elect to contribute is unique to your health care and dependent care situation. Look at what you typically spend each year on out-of-pocket health care and child care.

Visit [www.spendingaccounts.info](http://www.spendingaccounts.info) for more information.

## What is Use-It-or-Lost-It?

Because FSAs have tax benefits, the IRS places guidelines on them. **As a general rule, any funds left in your account at the end of the plan year are forfeited and are NOT rolled-over to the new plan year.** Plan carefully when determining how much you want to contribute.

To avoid forfeiting funds we offer a grace period as allowed by IRS regulations:

\* Participants have a \_\_\_\_month extension – until \_\_\_\_\_, 2019 – called the “grace period” to incur claims and use their 2018 fund monies. Note that the grace period only applies to the Health Care FSA. Unused Dependent Care FSA amounts will be forfeited at the end of the plan year (December 31st).

# Flexible Spending Account cont.

## How Do I Enroll?

Enroll in the FSA via the Plan Source site. Once you have determined your annual FSA election, your employer deducts the amount from your pay in equal amounts throughout the year, before taxes.

## What Expenses are FSA-Eligible?

### Health Care FSA

- Copays, deductibles and coinsurance for medical, dental and vision plans
- Prescriptions
- Eyeglasses and contacts
- First aid supplies
- Smoking Cessation products
- Braces
- And more!

### Dependent Care FSA

- Daycare and elder care
- Before-/After/school care
- Summer day camp

**Note: Eligible expenses are subject to change based on IRS guidelines. Over-the-Counter medications (except insulin) are NOT eligible for reimbursement from a Health Care FSA unless the medication is prescribed.**

## When Can I Change My Payroll Allocation?

A Qualifying Life Event refers to an event defined by the Internal Revenue Service (IRS) Section 125 that allows you to change your FSA election outside of the open enrollment period. Here are the specific events that can give you a chance to raise or reduce your allocations:

- A change in your number of tax dependents
- A change in your legal marital status (marriage, legal separation, divorce or death of a spouse)
- A death of a dependent
- Birth of a child, adoption of a child or placement for adoption
- A change in your employment status that affects eligibility for health insurance benefits (for yourself, a spouse or one of your dependents)
- A change in your dependent's eligibility, such as when a child reaches age 13 and no longer qualifies for coverage under a Dependent Care FSA
- A change in child/elder care cost or coverage, but this only applies to those who use a Dependent Care FSA

## Additional Resources

### **BeneService, a Member Advocacy Program: Conner Strong & Buckelew**

We know it is often difficult to fully understand your health benefits and use them properly—especially when insurance companies make more and more changes to the way plans are administered and how claims are paid. If you:

- Believe your claim was not paid properly
- Need clarification on information from the insurance company
- Have a question regarding a bill from a doctor, lab or hospital
- Are unclear on how your benefits work
- Need information about adding or terminating a dependent
- Need help to resolve a problem you've been working on

Please contact the Conner Strong & Buckelew Member Advocacy Unit for assistance:

- Via phone: **800-563-9929**, Monday through Friday, 8:30 am to 5 pm EST
- Via the web: Go to [www.connerstrong.com/beneservice](http://www.connerstrong.com/beneservice) and complete the fields.

United Medical Center reserves the right to modify, amend, suspend or terminate any plan, in whole or in part, at any time. The information in this Enrollment Guide is presented for illustrative purposes and is based on information provided by the employer. The text contained in this Guide was taken from various summary plan descriptions and benefit information. While every effort was taken to accurately report your benefits, discrepancies, or errors are always possible. In case of discrepancy between the Guide and the actual plan documents, the actual plan documents will prevail.

# Additional Resources

## Benefit Perks

With Conner Strong & Buckelew Benefit Perks, members gain access to premium discounts on valuable services and items.

CSB Benefit Perks is a discount and rewards program, provided by Conner Strong & Buckelew (CSB), is available to all employees at no additional cost. The program allows consumers to receive discounts and cash back for hand-selected shopping online at major retailers. Use the Benefit Perks website to browse through categories such as: Automotive, Beauty, Computer & Electronics, Gifts & Flowers, Health & Wellness and much more! Consumers can also print coupons to present at local retailers and merchants for in-person savings, including movie theatres and other services.

Start saving today by registering online at <http://connerstrong.corestream.com>

## GlobalFit

Save money and achieve your fitness goals with GlobalFit!

- Choose from over 10,000 gyms
- Save with GlobalFit's Lowest Price Guarantee!
- Transfer to other network gyms easily if you move your membership
- Flexible membership options
- Freeze your membership for up to 2 months a year with no billing
- Travel with access to other gyms nationwide
- Save on various home health and fitness products
- Free Tips and Resources help you stay motivated
- And more!

Call **800-294-1500** or visit [www.globalfit.com/connerstrong](http://www.globalfit.com/connerstrong) for more information!

## Good Rx

Stop paying too much for your prescriptions!

Good Rx, provided by Conner Strong & Buckelew, allows you to simply and easily search for retail pharmacies that offer the lowest price for specific medications. The cost for the same medications - even when using a network retail pharmacy - vary drastically from one drug store to the next. And while prescription drug plan copays may be the same no matter which pharmacy you go to, the retail cost to your employer may be greatly reduced when you get your medications from a pharmacy that charges a lower discounted price. Use Good Rx to compare drug prices at local and mail-order pharmacies and discover free coupons and savings tips.

Start saving on your prescriptions today at [www.connerstrong.goodrx.com](http://www.connerstrong.goodrx.com)

## HealthyLearn

HealthyLearn covers over a thousand health and wellness topics in a simple, straightforward manner. The data and information is laid out in an easy-to-follow format. HealthyLearn includes the following interactive features:

- Ask the Coach
- Rotating Health Tip-of-the Day
- Symptom Checker
- A to Z Encyclopedia
- Health News
- Wellness and Disease Management
- Nutrition and Weight Loss
- Monthly Wellness Newsletter
- Home Safety Guide
- And more!

# Report Summary

- **Revenue**

- ❖ **14% (\$1.4M) higher than budget and 14% (\$1.3M) higher than prior year.**
- ❖ **Contributing Factors:**
  - ❖ **Net Patient Revenue shows a favorable variance in both budget and prior year of \$463k and \$105k respectively. Other operating revenue reflects positive variance in both budget and prior year, \$1.1M and \$1.3M respectively.**
    - ❖ **Admissions are above target by 8% but slightly below prior year by (1%).**
    - ❖ **IP surgeries are slightly below target but above prior year by 8%.**
    - ❖ **Radiology visits are above budget and prior year by 21% and 10% respectively.**
    - ❖ **ER visits are below budget and prior year by 6% and 6% respectively.**
    - ❖ **Clinics visits are above budget by 5% but below prior year activity by 7%.**

- **Expenses**

- ❖ **-12% (-\$1.6M) lower than budget but higher than prior year activity by \$1.01M.**
- ❖ **Patient days are below both budget and prior year by 7% and 8% respectively.**
- ❖ **All of the expense classifications are under budget for October 18 except supplies which exceeds budget and prior year by 5% and 6% respectively. The FY19 budget presented in the statements are based on 1/12 monthly spread and have not been seasonalized.**
  - ❖ **Salaries and Wages are below budget by 5% but above prior year by 12%.**
  - ❖ **Employee Benefits are below budget and prior year by 21% and 3% respectively.**
  - ❖ **Contract Labor is below budget and prior year by 22% and 33% respectively.**
  - ❖ **Purchased Services are on target with budget and below prior year by 9%.**

- **Cash on Hand – 19 days**
