

Date: Apr 10, 2024

Dear Patient:

It is with regret that we must inform you that due to an administrative decision, we will no longer be able to provide you with comprehensive wound care services through the Wound Management Program at United Medical Center. Our final day of operation in this location will be April 30, 2024.

We would like to assist you in arranging for follow-up care by outlining other options available. Your treatments may be provided by:

- Your Primary Care Physician
- The physician who referred you to the Wound Management Program.
- The physician presently treating you at the Wound Management Program
- The Healogics™ network-member Wound Management Program nearest you in:
 - *Howard University Hospital*
 - *MedStar Health – Georgetown (HBO)*
 - *Luminis Health Doctor's Community Hospital*
 - *White Oak Medical Center*
 - *University of Maryland Laurel Wound Center*
 - *Shady Grove Hospital*

In order to ensure continued, wound healing progress, your decision about follow-up care should be made within the next two weeks. Please contact us at **202-574-7222** so that we may help arrange your future treatment and the transfer of your medical records.

It has been our pleasure to provide your wound care at the Wound Management Program. We wish you success and good healing!

Diane Ivey,
Program Director
